Supports at least 4 players, allowing up to 2 player cross-play on Linux and Mac, local and online multiplayer. sniper elite multiplayer Playable characters The first game had three playable characters, one being Sofia's father, Sebastian and a German officer named Dietrich in the alternative ending. The other two playable characters were Sofia's friend, Henrietta and Serge. There were also some other playable characters that could be unlocked in some of the other modes and games. Serge was a brother to Winston, Henrietta and Sofia and was a former SAS soldier who was the third playable character. His life was "unfulfilled" so he joined the French Resistance and became one of the key people helping Sofia and her father. His badge number was 3146. His weapon was the Anis, which also appears as the Anistopiya, which was the. The meaning of his last name, "Tentacles" was a hint to the death of his brother, Winston, during the original game. Henrietta was a woman who was a doctor in the French Resistance and the second playable character. Her life was "unfulfilled" so she joined the Resistance too. Her badge number was 738 and she had a wristwatch and a wristband, both which were another hint to her being a member of the Resistance. Winston was the brother to Serge and Henrietta and was the third playable character. His life was "unfulfilled" so he became a member of the French Resistance and the leader of the "Patrouille". His badge number was 3682 and he had 2d92ce491b
